

Schedule of DOST technologies for discussion can be accessed at <http://region1.dost.gov.ph>
[h](#) . Meanwhile, the
weeklong schedule of the 2012 NSTW for Northern Luzon Cluster can be viewed at
nstw.dost.gov.ph

Photos of the opening day activities are available at
<https://www.facebook.com/dost.stii>

The annual NSTW is DOST's venue in showcasing the local science community's research and development, as well as technology, outputs and raising the awareness and appreciation of the public for science and technology. It is also designed to make researchers, scientists, and investors interact for technology transfer and commercialization, making S&T outputs usable and accessible to people. *(Framelia V. Anonas, S&T Media Service)*
